PROFESSIONAL SUMMARY

Product-minded operator for gaming communities and live platforms. Scaled a partnered creator channel to a 10M+ viewer network and 2,000+ peak CCU, with premium subscriptions at 64% of P&L. Now own community, support, and commerce ops at M80 Esports, including AI workflows that cut ticket handling time 40%.

SKILLS

Product & Data: Roadmapping, OKRs / KPIs, A/B testing, user telemetry, content funnels, live ops.

Operations & Agile: Scrum (CSM), Kanban, sprint planning, P&L ownership, cross-functional leadership, support and commerce ops.

Tools & Platforms: SQL, Shopify, Discord, Notion, DaVinci Resolve, CMS.

WORK EXPERIENCE

M80 Esports

Remote

Community Manager

Aug 2026 – Present

- **Own Discord operations, weekly slates, and m80.gg content** (news, match times, roster changes); partner with the COO and Head of Socials on programming.
- **Grew Discord 20% and weekly chatters 15%** via brand activations (banners, server identity, giveaways); cut new-member leave 45% by getting time-to-first-chat under 60 seconds.
- **Run player support and Shopify commerce ops** (email, refunds, order status) and built AI ticket pipelines that cut handling time 40%.

Twitch

Remote

Partnered Content Creator

Jan 2023 – Aug 2026

- **Scaled cross-platform content distribution** across Twitch, YouTube, and TikTok to a 10M+ viewer network by building unified asset-delivery and publishing pipelines.
- **Reached Twitch Partner and 2,000+ peak CCU** with 90,000+ hours watched and 130,000+ chat interactions through iterative tests on stream telemetry and content loops.
- **Drove premium subscription revenue to 64% of P&L** by packaging B2B integrations with global brands including GamerSupps and HelloFresh.
- **Held 99% live uptime and lifted early-stage revenue 45%** by tightening encoding, platform compliance, and production reliability.

Blitz.gg

Remote

Content Producer

Jun 2020 – Jan 2023

- **Led production of 1,000+ Valorant lineup videos** for Blitz's in-product Lineups surface by running a 6-person team across ideation through publish, personally covering stages and assigning the rest.
- **Used CMS and metatagging** so lineup content surfaced correctly in-product and lifted session retention 10%.
- **Raised sprint video output 30%+** by rebuilding the production workflow; ran the pipeline in Scrum with defined sprint goals.

Lazarus Esports

Remote

Professional Esports Athlete

Mar 2020 – Jun 2020

- **Raised team win rate 25%** through VOD reviews and structured feedback grounded in competitive meta analysis.
- **Secured a Top 3 tournament finish** by turning patch data into team strategy; held Radiant / Global Elite (top 0.1%).
